Annual Report

of the

Game Division 1966

px 1-16

H.S MAHINDA

Printed by the Training Division.

Ministry of Agriculture and Co-operatives, 1966

The overall picture with regard to the Come Division Staff disposition was much brighter during 1966, but with so much area to cover, the need for more trained man power was still felt.

A Research Office: from Sweden, Mr. Peter Enderlein joined the Game Division during the year, as did another Research Officer, Mr. A. Rodgers, from Britain

The Division also welcomed Mr. James Kahurananga who recently graduated from Colorado State University, America with a B.Sc. in Wildlife Management. Mr. Kahurananga is the second African working in the Division with such a training. Two others are training in America, whereas four are at the University College, Nairobi.

Several Volunteers from America. Britain and West Germany were attached to the Division during the year. Mr. I. D. Harris from America has been mentioned in connection with his ecological studies in the Mkomazi Game Reserve. Messrs. E. F. Farrow and Dan Kaiser, both from America worked on road construction work in the Sclous Game Reserve. Mr. U. Kade from West Germany was Warden in the Rubondo Island Game Reserve, and Mr. S. C. Dunnet was in charge of the Zoo on Sanance Island.

These Volunteers' enthusiasm and hard work was much appreciated by the Came Division and the Division would like to thank them all for their invaluable assistance. The Game Division would also like to take this opportunity in thanking the respective organisations who made their Volunteers available to us.

CASUALITIES

Compared to 1965, casualities for the year were few. In all the Division lost one Came Assistant and two Game Scouts through Elephant control operations. There were few cases of I tons and Leopard mailing Game Scouts.

REVENUE AND EXPENDITURE

Revenue showed £245.679 during financial year 1965 66. Expenditure during the same period was £128,170.
