

THE RHINO & ELEPHANT JOURNAL

VOL 1 WINTER 1988

David Shepherd

THE RHINO AND ELEPHANT FOUNDATION

*"All one could hear was
the haunting cry of the fish eagle.
And the occasional clink of ice in a glass.
But then that's Chobe."*

The essence of Chobe is contrast.
The magical contrast between the thrill of Africa at its authentic best.
And the sophisticated luxury of one of the world's most elegant resorts.
