

**RHENEN - HOLLAND**

For the third time since they arrived at Ouweland Zoo, the Nilgai Antelopes have bred: two calves again, both females.

**ROTTERDAM - HOLLAND**

Two highly interesting births took place at the Blijdorp Zoo: two Two-toed Sloths, of two different mothers, and twin Coucangs (*Nycticebus coucang*) were born. All four babies are doing well.

Among other recent births and hatchings are 3 Yaks, 1 Mouflon, 1 Puma, 2 Père David's Deer, a Chimpanzee, 1 Kudu, 1 Banteng, 1 Black Panther, a Caracal and 3 Black Swans.

Newcomers include: 2 Siamangs, 1 Galago, 4 Mongooses, 2 Squirrel Monkeys, 3 Lorikeets, 2 Brush-tailed Porcupines, a Hornbill, 2 Wattled Cranes and 3 Anteaters.

**SAN DIEGO - CALIFORNIA - USA**

Total attendance for the fiscal year ending June 30, 1970, reached 3,129,144 persons.

The Sanctuary for the Koala colony has been enhanced by the planting of a Lemon-scented Eucalyptus (*Eucalyptus citriodora*), on June 8, 1970.

Two baby female Asiatic Elephants arrived in the Children's Zoo early in July. Upon arrival the babies were just over three feet high.

**SAN FRANCISCO - CALIFORNIA - USA**

On July 2, 1970 the third Musk ox calf was born. The adults, received in 1965, came from the Alberta Game Farm in Canada.

**SAINT PAUL - MINN. - USA**

New in the Zoo's collection are a female Coyote, 7 months old, and a Cougar cub.

**SANTA BARBARA - CALIFORNIA - USA**

The Child's Estate Foundation, which operates the Community park and zoo, has announced that the Santa Barbara Junior League has provided a special grant of

US \$ 30,000 to provide a nature study theater and classroom at the zoo. The League will also underwrite an educational program in the park and provide „docents" for tours of the 81-acre zoo-park complex.

(Communiqué)

**STUTTGART - GERMANY**

From Papua and New Guinea a lot of interesting animals arrived; among them are Tree Kangaroos, Giant Kangaroos, Wallabies, Striped Opossums, a Cuscus, a number of Lorikeets, a D'Alberts Python 3 metres long, and Pigmy Pythons.

A group of 10 Gelada Baboons arrived at the Wilhelma Zoo; they will be housed in the new monkey cages now under construction.

**WASHINGTON - D.C. - USA**

One of the outstanding April births was that of a Celebes Crested Macaque (*Cynopithecus niger*); in captivity, births of these primates are rare.

The month of April ended with the birth of twin Geoffroy's Marmosets.
