To the Curious among the Nobility and Gentry.

HERE is just arriv'd from Bengal, in the East-Indies, alive, and in good Health, that strange and wonderful Creature call'd from Bengal, in two condensations of the East-Indies, alive, and in good Health, that strange and wonderful Creature call'39.

ARHI-NOCERROS.

This Beast, when full grown, is next in bigness to the Elephant; it has only one Horn, which grows out of his Snout, and is, when at its full bigness, so strong and sharp, that with this in fighting it kills the Elephant.

No Creature of this kind has been seen in England, or any gither Part of Europe; these sitty-four Years, and then only one.

It is to be seen from Nine in the Morning to Eight at Night, in Eagle-Street, near Red-Lyon-Square, Holborn, at Half a Crown each Person.

The R. E. is just arriv'd from Bengal, in the East-Indies, alive, and in good Health, that strange and wonderful Creature call'd NOCEROS.

This Beast, when full grown, is next in higgest to the Elephant; it has only one Hom, which grows out of his Snout, and is, when at its full highest is strong and starp, that with this in fighting it kills the Elephant of Strang and there, that with this in fighting it kills the No Creature of this kind has been seen in England, or any other Part of Europe, these fifty-four Years, and then only one.

It is to be seen from Nine in the Morning to Seven at Night, in Engle-Strees, hear Red-Lyon-Square, Holbern, as Half's Crown each Person.

HE surprising great Animal, called RHINOCEROS, alive, being the only one of that Kind in Durope; its Nose is armed with a Horn to fight the Elephant, whose Conqueror it generally is; its Hide is covered with Shells, that he looks like a Man in Armour; its Pawa are short production from Bengal, it can fiving and divelike a Duck; was brought over from Bengal, is as tame as a Lamb, being caught very young, and for two Years has run round the Tables of Gentlemen and Ladies like a Lap-Dog. This Animal conformes daily 70 Pounds of Hay, and 25 Pounds of Bread, drinks 14 Pails of Water, is 18 Years of Ag., 12 Feet thick, and of 6000 Pounds Weight. The Royal Family, and Nublity and Gentry, have seen this Animal with great Satisfaction. This Creature may be seen from Eight in the Morning till Six, at 28, the first Place, 18, the second, and 6d, the third, in a Tent at the Storie and Groom in Lambeth Marsh.

Now to be SEEN,

At the George Inn in the Hay-Market, at 1st. each Perfon,

A Great Female RHINOCEROS, landed
within's Month from on board the Shafteflury, from the East
Indies. This extraordinary Animel is in its full Strength and Beauty;
