Die veiling is aangebied deur Vleissentraal Bosveld.

Al die diere wat aangebied was verkoop vir werklik goeie pryse. Die hoogtepunt was R11 250.00 vir 'n njala bul terwyl 'n teeltrop van 4 njalas vir gemiddeld R900.00 verkoop is. Rooibokkramme het tot R1 000.00 gehaal het en blesbokkramme tot R1 100.00 wat werklik baie hoë pryse is.

Preparations are under way for the annual KwaZulu-Natal Game Auction to be held at the new Centenary Centre in the Hluhluwe-Umfolozi Park (HUP) on 23 June 2001.

This new Centre, housing the new, state-of-the-art Game Capture Complex as well as a craft market, refreshment kiosk and game capture interpretation facility, is situated near the Nyalazi Gate off the R618 between Mtubatuba and Nongoma.

KZN Wildlife's internationally famous Game Capture team has begun bringing in the various animals that will be auctioned and by the end of May 2001 the antelope pens and rhino bomas will be full.

The antelope pens have been moved from their original site at Hilltop in the Hluhluwe section of the HUP, and now complement the rhino bomas which were moved from Umfolozi last year. This is also the first year that the auction will be held on site close to the Capture Centre. Willie Roux of Vleissentraal, who has been awarded the auction contract for the next three years, will be the auctioneer.

Game on offer will include a group of six black rhinos (two males and four females), 57 white rhinos, 73 giraffe, zebra, kudu, 40 warthogs, 550 nyala, reedbuck, 800 impala, wildebeest - both black and blue. 30 ostriches will also be on offer.

Buyers interested in the black rhino should contact Mark Cooke of KZN Wildlife as their properties need to be assessed before they may register as a buyer.

A similar variety of animals will be available on catalogue sale - which means that they will be captured after the sale and with a guarantee of quality, delivered directly to the buyers.

In order to provide animals in the best possible condition for the KZN Game Auction, the KZN wildlife game capture season begins in late March as weather conditions are cooling.

Animals on offer at the KZN Game Auction will have been captured at least four weeks prior to the sale, kept in the new KZN Wildlife Capture Complex where they have been conditioned to human activity and sounds as well as to accepting a variety of commercial feeds.

Prospective buyers may contact Mark Cooke of KZN Wildlife on 082 452 7887 or Willie Roux of Vleissentraal on 083 627 8585 or Riecmpies Victor on 015 491 3141 or 083 627 0839 for further information regarding transport, movement permits and conditions of sale.

For the first time the animals being auctioned will be shown on a bank of television screens situated above and behind the auctioneer, giving buyers a view of the animal under the auctioneer's hammer.

In addition, once the auction is over, the international rugby match between South Africa and France will be screened.
