

RHINOPHILIGHTS

I would like to introduce one of our youngest subscribers. Todd Comi, a third grade student at the Grijalva Elementary School in Tucson, Arizona, is a great reader and loves sports.

My name is Todd Comi. I started to like rhinos when I was in kindergarten. I share my love of rhinos with my library teacher, Miss Lessee.

We have been in walks for rhinos with Michael Werhke from Kenya. Last summer my brother and I got to go to Africa for a long visit. We saw many beautiful sights and animals but we didn't see any rhinos! This made me realize how important the "Save the Rhino" movement is. I also have about 50 toy rhinos and 10 rhino t-shirts. I like to read my many rhino books. The most unusual toy rhino I ever saw was in Hamley's in London. It was life-size and cost over 1000 pounds sterling (that's over \$2000!). I hope that my children will be able to see a wild rhino.
