4.15-5.0 THE KING'S CUP AIR RACE

(Held under the competition rules of the Royal Aero Club)

A Running Commentary by Squadron-Leader HELMORE, relayed from HESTON AIR PARK, HOUNSLOW

The race starts at 7.0 a.m. and is limited to bona-fide civil aircraft entirely constructed in the British Empire which can attain a speed of at least one hundred miles an hour. All the handicap allowances are made at the start at Heston.

The competitors subsequently pass through five control points at each of which each machine must wait forty minutes—Norwich (196 miles), Leeds (385 miles), Hooton (566 miles), Heston (731 miles), Bristol (888 miles). The finish is back at Heston again (982 miles). Our commentary will be given at the fourth control point, when competitors are again at Heston.

The full route is as follows:

Heston (Start); Leicester (86 miles); Norwich (Control pt. 196 m.); Nottingham (299 m.); Brough (358 m.); Leeds (Control pt. 385 m.); Birmingham (476 m.); Woodford (534 m.); Hooton (Control pt. 566 m.); Heston (Control pt. 731 m.); Shoreham (777 m.); Hamble (821 m.); Bristol (Control pt. 888 m.); Heston (Finish 982 m.)

BROADCASTING THE KING'S CUP AIR RACE TODAY

This picture, taken during the big race last year, shows the competing machines at Heston Air Park, one of the control points where they are compelled to alight. Heston is also the Finishing-point of the race. Squadron-Leader Helmore will give his commentary at 4.15, and his account of the finish at 9.50 from the Outside Broadcast van stationed in front of the building seen on the right of this picture.
