

RHINO RESOURCE CENTER

NEWSLETTER – 1 FEBRUARY 2006 - #2

COMPILED BY KEES ROOKMAAKER

Below there are details of 55 publications on rhinos which have been added to the RRC since the previous newsletter of 1 November 2005. They have been listed in three groups – General, African Rhinos, Asian Rhinos – to encourage you to scan through all the titles and see what may be of most interest to you.

I hope that you will find this newsletter useful. If you have knowledge of any papers which were missed or any comments, please contact me.
