FROM THE EAZA OFFICE

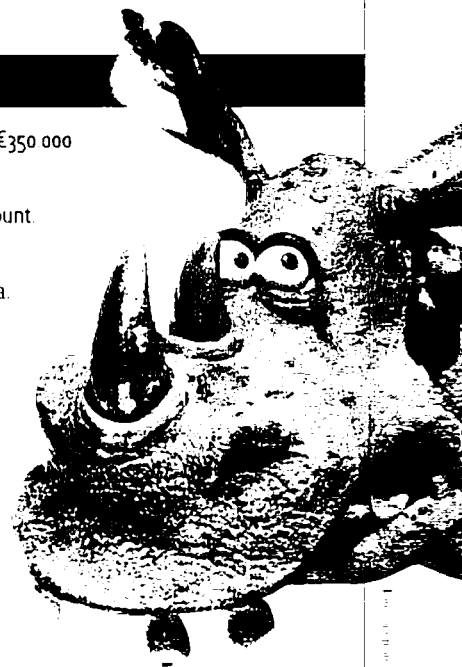

Save the Rhinos; a huge success!

The EAZA Save the Rhinos Campaign had already exceeded its original fundraising target of €350 000 in October 2006, at the EAZA Annual Conference in Madrid. Since the announcement of the preliminary results in Madrid, all collected funds have been placed in the Save the Rhinos account. We can now announce the Save the Rhinos final fundraising result: **€632,711.15!**

A fantastic result, which will certainly have its impact on rhino conservation in Africa and Asia.

Additionally, several participating institutions have already committed themselves to long-term rhino conservation. Opel Zoo (Kronberg) for example has agreed to make three annual donations of €5,000 (on top of the €35,000 donated already) to one of the EAZA Save the Rhinos Campaign projects. Continued support to the Save the Rhinos projects will be organised in cooperation with Save the Rhino International (SRI). If your institution is interested to support long-term rhino conservation as well, please contact the EAZA Save the Rhinos Campaign Core Group. They can help identify suited projects and establish contacts between your institution and the field projects. EAZA would like to thank all participants in the Save the Rhinos Campaign for their efforts. This includes the institutions that raised funds (mentioned in the table below), but also the many institutions that are not in this list and contributed through awareness and education activities.
