A GROUP OF 4 FEMALE AND 2 MALE BLACK RHINOCEROS WILL BE ON AUCTION THIS YEAR.

The annual KwaZulu-Natal Game Auction will be held at the Mtubatuba Sports Club in Zululand on Saturday 21 June 1997 at 14:30 and will again be conducted by Stock Owners Co-Operative Ltd.

Widely regarded as South Africa's premiere game auction, this annual event has enjoyed international prestige since it was launched in 1989 and attracts buyers from all over the country as well as a significant number of overseas buyers.

The Natal Parks Board's Game Capture team has been in operation for more than 30 years and has caught well in excess of 100 000 animals. Most of these are delivered to new habitats and approximately 600 animals per year are held in the Board's transit pens and bomas.

With game ranching on the increase a bumper turnout is expected for this year's auction and overseas buyers must make credit arrangements well in advance. Buyers can confidently expect to find market related prices with regard to both live auction and catalogue sales.

Pre-auction game viewing will be at the Natal Parks Board bomas and pens in the Hluhluwe-Umfolozi Park on 19 and 20 June. Natal Parks Board game on sale will include the following species (subject to change):
