

# SECLUSION FOR RHINO

The Assam Government's gift **rhinoceros** to the Bombay zoo, Lachit Borphukan, arrived in the city on Tuesday but will not be exhibited at the Victoria Gardens for at least a month, as according to Mr. D. I. Ahmedi, Superintendent of the Gardens, the animal was still in an "excited state" after its long journey from the Kaziranga sanctuary. It consumed on Wednesday its normal quota of food, about the same as given to an elephant, but was unable to face any crowd.
