

WHITE RHINO --GOLIATH -- CIRCO AMERICANO -- Faggioni (2007)

This is the big white rhino "Goliath" on Circo Americano. That is a circus title that seems to be used by several circus families. This is with the Faggioni family's version, perhaps Spanish. The presenter is one Eros Faggioni.

Another "Americano" circus is that of the Tognis whose extended family operates a number of Italian circuses. They feature a lot of exotic animals. Flavio Togni brought his family's Americano animals here for RBBB-Blue in 1990-91 including a male white rhino named Thor. I got to know Flavio, and he gave me a rundown on white rhinos then with European circuses. There were then 9 others besides his Thor, including animals with Circus Caesar Togni, Circus Darix Togni, and Circus Lidia Togni.

I do not know if this Goliath is one of those Flavio listed in 1990.

These photos are from the Americano (Faggioni) web site.
