

THE VICEROY'S SHOOTING TOUR.

A QUESTION OF EXPENSES.

The Statesman's Assam correspondent writes of the Viceroy's shoot in Assam. It was intensely amusing to read the paragraphs announcing that his Excellency would practically shoot alone as regards rhino, buffalo, and bison, merely wishing to add, as we learn from your Allahabad correspondent, "a few trophies to his Indian bag," and, according to the Englishman, "being anxious to add a rhinoceros and a buffalo or two to his game list."

Imagine what this rhinoceros or a buffalo or two will cost the province by the time they are added. Sixteen miles of perfect motor road with two bridges, through an unbroken track of country, have been made. This road has for some weeks past been guarded by military police through its entire length, and when the shoot is over will become a playground for wild elephants and any rhino or buffalo which may be spared, and be of absolutely no use to anyone.

Hundreds of police have been sent to the camp, and the district more or less denuded of its domestic elephants. The Deputy Commissioner, the Forest Officer, and the District Superintendent of Police are all taken away from their very necessary duties to attend.

It would be vastly interesting if some one in the Accounts Department were to work out, when the bills are paid, what this rhinoceros and a buffalo or two will cost the province per head by the time they are added to his Excellency's game bag.

Their Excellencies Lord and Lady Minto, accompanied by Lady Eileen Elliot and Col. Dunlop Smith (Private Secretary), Col. Victor Brooke (Military Secretary), Col. Crooke Lawless (Surgeon to the Viceroy), and Capt. Lord Francis Scott and Jelf (A.D.C.s) arrived at Sarupeta Station by special train, which was in charge of Col. Brooke (manager) and Mr. Kiernander (traffic superintendent) of the Eastern Bengal State Railway.

They were met by the Maharaja Kumar of Cooch Behar, Mr. Dentith, superintendent of the Cooch Behar State, Mr. Rivett Carnac, deputy-inspector-general of police, Eastern Bengal and Assam, and other local officers. The party proceeded to the camp at Lahapara, fifteen miles distant, where they were met by the Maharaja of Cooch Behar and Major Herbert, deputy commissioner, Kamrup, in camp as guests of the Viceroy.

A Driver Killed.—A telegram of Feb. 19 from Belgaum states A sad accident, under tragic circumstances, occurred this evening, when Driver Harris, of the 84th Royal Field Art., lately arrived at Belgaum, was one, among others, ready to start for the railway station with limbers to bring new guns. Just when he was starting the horses shied, threw Harris down, and kicked and dragged him ten yards. The wheels ran over his body, and he died in three minutes. Afterwards he was picked up, and before medical assistance arrived another driver also was severely injured.

The question of an increase of pay to the levy corps on the North-West Frontier may possibly be taken up, as a result of higher pay being given to the Indian Army.

News has been received in Secunderabad of official recognition by Government of the mounted detachment, "The Scouts," of the Hyderabad Volunteer Rifles. Strenuous efforts have been made for the past eighteen months to win the acknowledgment and the sanction will give satisfaction. The "Scouts," recruited from the leading professional and business men in Secunderabad and Hyderabad, number about forty, but the number is bound now to increase.
