The 1st Quarter Report of Headquarter YABI

Period January - March 2016

A. Program Highlight/Accomplishments

(Reported by Shanty Maullydianthi and Nasrul Ikhrum)

1. Meetings and Coordination

Headquarter Weekly Meeting

All Headquarter Staff held an internal meeting, led by Mr. Widodo Ramono (WR) as Executive Director of YABI on January 6th, 2016 at Headquarter Office. The meeting discussed about:

- Information on schedule of arrival of IRF donors including Dr. Susie Ellis, Dr. Bibhab, Mr. John Lukas, and Ms. Alexa.
- Preparation for Disney's Communication Strategy Meeting on January 26 to 27, 2016 that will be attended by Mr. Waladi Isnain (WI) and Ms. Nuke Arincy (NA) representing YABI.
- Preparation of MIRADI workshop that will take place on 1 to 4 February.
- Preparation for Asian Rhino Species (ASRsG) Meeting on January 26, 2016 at Gisting Lampung to review the reports of rhino findings.
- Refresh the protocol of visit to SRS WK.
- Preparation for YABI Board meeting (Board of supervisors, Board of Trustees and Administrators) on February as well as preparation of the 2014 financial audit.
- Preparation for projects of TFCA Kalimantan and KfW.

Coordination meeting on technical development team for Javan rhino second population

Mr. Arief Rubianto (AR) represent YABI attended the invitation from WWF's Project Leader of Ujung Kulon, Mr. Yuyun Kurniawan in order to prepare the technical report team of Javan Rhinos second population construction to Sekretariat Bersama Badak Indonesia, which held on January 11th, 2016 at Hotel Santika, Bogor.

Coordination meeting from the Head of Ujung Kulon National Park (UKNP)

Mr. Hayani Suprahman (HS) represented YABI attended a coordination meeting of Ujung Kulon National Park (UKNP) on January 14th, 2016 at UKNP meeting room. The agenda of meeting is "Coordination Meeting for management of Javan Rhino Study and Conservation Area (JRSCA) in UKNP".

KfW meeting in Bogor

Mr. Dadan D. Subrata (DDS), Mr. Kurnia Rauf (KR) had a meeting with KfW team to discuss about KfW proposal on January 20th, 2016 in Headquarter Office Bogor. Meeting results of KfW among others:

1. The need to prepared ToR for required personnel to manage project activities that will be funded by KfW (including Recommendation personal which is not based on academic records, but only on his field experience), as well as ToR for institutions that help as consultants or activities implementation to particular field activities such as community empowerment (organic cocoa and coffee farming, ecotourism, study ethno botany, micro/piko hydro, and biogas). WWF and YABI have earlier thought that the activity will be held together with YAPEKA.
2. After the KfW program running, YABI working in partnership with WWF-Indonesia and the WCS-IP could apply direct funding to KfW and conducting its activities, such as for the IPZ and IMZ development activities in TNWK.

YABI Board and Trustee meeting, Santika Hotel, February 5th, 2016

In framework of YABI annual accountability report in 2015, YABI workplan and budget plan in 2016, the Board of Trustee held an Annual Board Meeting in Hotel Shantika Bogor on February 5th, 2016. Participated the meeting was Ir. Darori, MM as Chairman, Drs. Sukianto Lusli, MSc (representing himself, Mr. Effendy Sumardja, Mr. Yansen Manansang), Dr. Susie Ellis, Dr. John Brian Payne, Ms. Clare Campbell, and Supervisor Drs. Ign. Heri Djoko Susilo, MSc., the Board of Management namely WR, WI, Shanty Maullydhianti (SM), all staff of Headquarter, and AR as represented from field.

WR as Chairman of Board of Management also Executive Director (DE) presented the Annual Report 2015, work program and budget plan 2016. The Board of trustee accepted YABI annual report of 2015 and thanked to the Board of Management in performing their duties.

Despite the acceptance there are several requirements that must be fulfilled that includes:

1. Proposal on proposal on Amendment Procedures Articles of Association (Deed of Incorporation) and Bylaws, including procedure on service time of the chairman of the Board of Trustees.
2. Enhanced communication to members of the Board of Trustees, especially in critical situations. It is important to be able to directly consult to each member of the Board of Trustees, at any time necessary.
3. Draft of Work Plan of 2016 that to be sent to the Board of Trustees and Supervisors no later than March 31, 2016.
4. Prepare a succession plan to specify a profile and job description of YABI Executive who understand and have skills of work, have a strong interest in and concern for the future of life of Indonesia Rhinos. Meeting of Board of Trustees is expected to take place in 2016 to decide the steps and preparations, including the concept of profiles and assessment which are required for this succession plan.
5. Requested that YABI cooperate with the relevant parties to strengthen the study of the feasibility of SRS building in a new location or SRS expansion in Way Kambas. It is necessary to set up information and promotion about the rhino's management in meta-populations and important effort that needs to be done, submitted to the District Heads, the Governor even the President to support the rhino's conservation.

Internal meeting of SMART database application in YABI workfields

Internal meeting in YABI Headquarter on February 22nd, 2016 to discuss database SMART Patrol, which will be tested as a device of utilization for working area in TNWK and TNUK RPU for 3 (three) months, after which it will be evaluated to assess its level of difficulty and success patrol using this device. Before trial of SMART device, there will be training for field coordinators, field databases, and other personnel related to database officer from other partners such as WCS and WWF Indonesia. Participated the meeting was. WR, DDS, SMD, KR, Mr. M. Hanif (MH). Mr. Haerudin RS (HRS), and WI.

Meeting with Tambling Wildlife Nature Conservation (TWNC)

AK, HRS, and Mr. Dimas Faturachman (DF) held a meeting with Mr. William as the Director of Tambling Wildlife Nature Conservation (TWNC) on February 23th, 2016 in Jakarta which is follow up of the previous talks with AR about a possible collaboration between YABI activities and TWNC for Sumatran rhino conservation, especially in TWNC location. Information obtained from the results of previous meeting between AR and Mr. William, among others:

1. That TWNC Sumatran tiger has conducted surveys in all regions TWNC, the survey in cooperation with the Panthera and found no sign of rhino.
2. That TWNC interested and willing to be involved in conservation of Sumatran rhinos, especially in Tambling.
3. TWNC realize the lack of personnel who specifically concerned for rhino conservation.
4. Based on the previous report of 1990 and 2010 they found signs of rhino in some locations of TWNC concession area, but currently very difficult/not found anymore.
5. Mr. William explicitly confirms that TWNC willing to make Rhino Sanctuary to save the rhinos, especially within the region of TWNC

4. Training and Program Activities

SMART regional training workshop in Phnom Penh, Cambodia

Mr. DDS and Mr. YH attended SMART Regional Training Workshop on January 11th -15th, 2016 at Sunway Hotel, Phnom Penh, Cambodia.

Cambodia becomes the host in convening of this training because this country has been more advanced in applying SMART device than other countries, especially in Asia.

SMART Patrol training guided and trained by: Dr. Tony Lynam as Conservationist & Regional Advisor Center for Global Conservation Wildlife Conservation Society, and Mr. Rohit Singh as Enforcement & Capacity Building Specialist WWF - Tigers Alive Initiative.

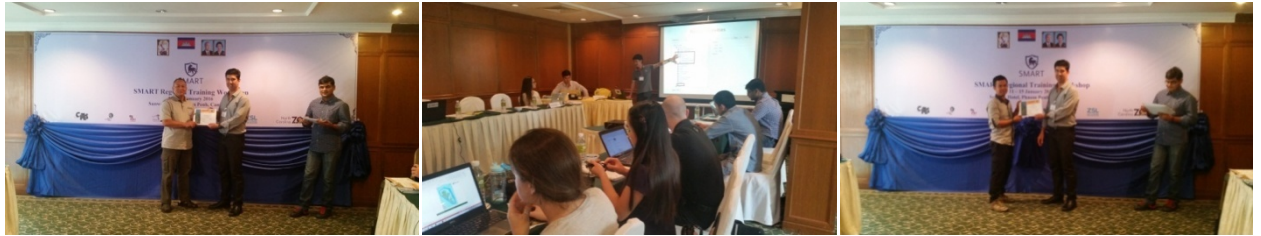

The aims are as follow:

- 1) Understand how to use Law Enforcement Monitoring (LEM) as a tool to support the protection area conservation activities.
- 2) Adequate to collect data using SMART phones and GPS/datasheet, entering the data into SMART and automatically reporting application.
- 3) Understand the importance of archiving and processing data.
- 4) Capable to be a government entities and NGO staff who understand using SMART device and can apply it in the field.

SMART device can be applied to the RPU patrols and intelligence in both Java and Sumatra. Utilization of android mobile phones for observation can be applied to intelligence activities that until now have not been register or entry data into the database.

SMART training in Cambodia is expected to be useful especially for the implementation of the patrols and intelligence in BBS since there will be security patrols in IPZ area that use the SMART - RBM.

Communication Strategy Meeting by Disney Grant

Mr. WI and Ms. NA attended meeting an invitation from Disney in an event 'Strategic Planning Communications of Sumatran Rhino Workshop' on January 26th-27th, 2016 in Disney Office WTC Jakarta. This planning meeting is part of planning activities 2016, reverse the decline grant provided to the IRF by Disney.

The meeting discussed about cultural, political and economic trends in Indonesia and then identifying additional problems/threats Sumatran Rhino, potential audiences, important media, identifying products, etc. The focus on target audience is youth by making a youtube video that touches heart. Beside that creating websites and facebook about Sumatran Rhinos.

5. Education Activities

Mr. WSR, Mr. HRS and Mr. AKR attended a proposal preparation meeting from the Director of TFCA Kalimantan, Mrs. Puspa Liman on February 11th, 2016 in Hotel Arch Bogor. The meeting was to accelerate the process of assessment on proposal on Sumatran rhino conservation program in Kalimantan, points of discussion:

1. Rescue of Sumatran rhino species in Borneo, as well as landscape management of the Heart of Borneo (Borneo) in West Kutai and Mahakam Ulu, East Borneo.
2. Determining the location: Kantong Satu cover of West Barat and Mahakam Ulu Regency (area ≥ 200.000 ha); Kantong Tiga cover West Kutai with extensive > 150.000 ha; and Forest Protected Areas Kelian Lestari covered West Kutai with area 5010 ha.
3. Issues faced:
 - Evidence of Sumatran rhinos presence in Borneo, was found since 2012 the footprints were found in January 2013 and photos from WWF camera traps in 2014. Since then WWF monitors the site.
 - Confirmation of three rhino in an area of approximately 6,000 ha area in the District of Perdomaian, West Kutai (in landscape K3 = 150.000 ha).
 - Rhinos are in forest areas which are not within protected areas.
 - The location is in area of coal mining, oil palm plantations and logging concessions.
4. Purpose:
 - Protect and save of 3 rhinos in Kantong Tiga and morenor less of 10 rhinos in Kantong Satu of threat of poaching and habitat destruction.
 - Protecting and rescue of 3 rhinos in, particularly in BRS.
 - Improve an effectiveness of conservation management of Borneo landscape status in West Kutai and Mahakam Ulu, especially in Kantong Satu.
 - Realizing policy support for change management status of BRS, including facilitating change management status Borneo landscape in West Barat and Mahakam Ulu; and facilitate drafting of the Strategy and Action Program for Sumatran rhino conservation in Borneo.
 - Provides block-grand for awareness and educational activities to a group of people in the Damai District of West Kutai to be performed by the members group of nature lovers Damai (KOMPAD).

Proposal preparation meeting of TFCA Kalimantan

Discussion meeting beetwen Mr. WS, Mr. APurwoto and Mr. YK from WWF to discuss cooperation in efforts to save the Sumatran rhino in Borneo. The meetingn held in Headquarter Office Bogor on February 24th, 2016.

3rd cycles mentoring proposals of potential partners TFCA-Kalimantan

Mr. HR. Ms. SM and Mr. NI present to invitation of the Grant Manager of TFCA Kalimantan in order to 3rd cycles mentoring proposals of potential partners TFCA-Kalimantan. The

Borneo TFCA Administrator in collaboration with a consortium of consultants PT. Hatfield Indonesia (PTHI) and Bina Swadaya Consultant (BSK) who joined as team of Technical Assistance Providers (TAP), on March 31st, 2016 in the Hotel Savero Bogor. As for some of conclusions from discussion for YABI proposals improvement are:

Reallocation of resources between WWF and TFCA funds

1. Completion of a proposal with decision to reduce the formation of RPU become one unit only (under TFCA programs).
2. Training budget should more efficiency in implementation
3. Addition the methods/roads map in term period in 3 or 6 months.
4. Change time duration become years (will review activities for extension possibility)
5. Monitoring and periodic evaluation (included in management costs) on some components, plan every 6 months.
6. No procurement 4-wheel vehicle (changed to a car lease).
7. Reduction of budget Component 5 for consultant research, no allowed survey in order not to overlap with the RPU, only focus in campaign for the extension and community development.
8. Monitoring and survey be funded by WWF.
9. Development and management of Borneo Rhino Sumatran (BRS) measuring 60 hectares will funded by TFCA, while vehicles, equipment and tools funded by WWF.
10. Revise accordance input from TAP about logframe on purpose, objective indicators, analysis of project outcomes YABI relationship with outcome TFCA.

7. Workshops, Congress, and Celebration Day.

Sumtran rhino population workshop in the tropical rainforest heritage of Sumatra (TRHS)

Mr. WSR accompanied by Mr. IS, Mr. AKR, Mr. M H and Mr. YH attended a workshop on strategic issues of area TNBBS management as the tropical rainforest heritage of Sumatra (TRHS). The park needs support from stakeholders, including protection and security forest activities, handling human-wildlife conflict, forest fires and increase the METT value in 2016. The workshop held in Gisting 21 Hotel on January 26th-27th, 2016.

Participants to the workshop were members of ARsRG (as sponsored), YABI, WCS, WWF, and Bukit Barisan National Park (BBSNP) and other local stakeholders.

It was agreed to use the data of 2013 as it is with the widest coverage area that is comprehensive and intensive effort for best estimated result of Sumatran rhino in BBSNP. The outcome of the workshop was an agreement who signed by all participants that the Sumatran rhino numbers in the BBSNP are 17 individuals in 2013 (among of them are at least 3 juvenils). The majority of individuals found in Biha, Ngambur, Balai Kencana, Balik Bukit.

After completing the workshop, Mr. WSR and Hq staff proceed to SRS WKNP to join the discussion on future of SRS WK with donors of IRF.

Farewell event of Mr. Sectionov as IRF Liaison, also YABI Riset & Education Officer

Discussion with subject of Sumatran rhino rescue in Borneo, included determination of RPU-YABI members who will travel to Borneo. In this discussion covers development process of RPU office in West Kutai and recruitment for management team for RPU office in Kutai Barat (Korlap, Administration and others).
